

# SBC Resurface Project

1

On Friday, August 18, the Seattle Badminton Club took on a huge challenge in resurfacing the floor of the main gym and doing maintenance all around the facility. The SBC staff worked hard all week to update the club's column padding, clean the chairs and carpet, as well as bringing all twenty court poles back up to regulation standard.

Coach Bryan Lam led the charge for cleaning the waiting area carpet and chairs, taking two days to thoroughly finish the job. Facility Manager Glenn Unruh finally got the chance to bend some of the poles back to their original form, as well as add a ratchet to court one. This proved to be a difficult task, going through many possible solutions and breaking a few cinderblocks in the process. Front Desk staff Stephen Hullin faced the challenge of replacing the protective padding on the gym's center columns. "I just wanted to see the gym look better after the week off. There are still many things I would love to work on but I'm glad we were able to knock out some of the big things," he said. Thank you for your cooperation and we look forward to seeing all our members play on the new floors!

1. **Gloss Finish.** SBC gym floor on August 22, a fresh top layer with a great shine.

2. **Crank.** Stephen reinstalls all 20 net poles after the floor is dry.

3. **Sanded!** SBC gym on Sunday, August 20. Nets and poles have been taken off and the floor sanded, being prepared for new top layer.

4. **Leave No Trace.** Coach Bryan carefully takes the first steps on the new court.

5. **Ingenuity.** Glenn installs his ratchet design, made to make and keep the nets at the right tension.

6. **Suds.** Coach Bryan volunteers to get all dirt out of the gym carpet.
